

Latin American ChildCare...

What is it?

As we are beginning our time of itineration in the states and beginning to visit churches, we have realized that LACC or Latin America ChildCare is something many of you are not familiar with and since part of our work is with the children in the schools of Belize, we want to introduce you to this wonderful ministry to children!

LACC was formed from needed education and the gospel, John Bueno, the AG World Missionary Director, began this ministry in 1963 as a missionary outreach of the Assemblies of God in Central and South America. In Belize, we have three Assembly of God Christian Schools attended by extremely poor children and we provide sponsorships for their students. In Belize any organization can function like a public school for others, **PLUS** the children have daily BIBLE lessons, DEVOTIONS and weekly CHAPEL. Christian teachers lovingly train these children how to believe in Jesus Christ and become more than

they could every hope for. Your sponsorship of \$32 a month enables the needy child to stay in school. To learn more about LACC or choose a student to sponsor...visit the LACC website below. *You can choose a student from BELIZE to sponsor and rewrite a child's whole life story!* There are many other children's compassion groups that are advertised, but the Assemblies of God offers much more. We not only share *compassion and education*, but *ETERNAL HOPE* through Jesus Christ!
